

DIGICARE TELEVUE™ TV1X

Digicare TeleVUE™ TV1x

Digicare's TeleVue TV1x is a portable ultra-small transmitter that measures 3/5 lead ECG and stays with your patient, sending vital signs data through Bluetooth technology to a PC up to 300ft away with the option to extend this to 1000ft. The TeleVue software will generate both Excel and PDF reports of tabular data and includes a 48 hour ECG recorder that offers full disclosure printing.

Designed and Manufactured in the U.S.A

- Technical Specifications
- Available Measurements
- 3/5 Lead Digicare™ VetECG™
- Features
- Standard Leads: I, II, aVR, aVL, aVF, Vx
- Multi-Lead ECG Displays 6 Vectors
- Lead Detection Identifies Failed Leads
- BPM Range: Small 5-350bpm, Large 10-300bpm
- Wireless Range up to 100m
- Transmission Safe and Interference Free
- Full Reports and EKG Printouts
- Rechargeable Battery
- Weight – 100g
- Battery – Up to 15 hours
- Relative Humidity – 30 to 75% (non-condensing)
- Main Voltage – 240V AC (50/60 Hz)
- Battery – Internal Li-ion Rechargeable Battery @ 1200mA/h
- FCC Approved ISM Band
- Dimensions – 50mm (W) x 76mm (H) x 20mm(D)
- Safety – Meets IEC601-1-1 and IEC 601-1-2
