## INFUSION

**Vet1 IV Infusion Pump Set** - 200cm 10 Drops/mL infusion set with latex free Y clip Rotating Male luer lock/slip. Designed for use with Vet1 Vetpump Pro VP-50 Infusion Pump. (Compatible for use with, Heska®, Niki® VetPro® IV Pumps)

**V1VP50200 Vet1 Infusion Set** \$1.48 each (100/Box)

**VET1 Microbore T-Port luer slip** - latex free injection port and slide clamp. Length 12cm. Designed to lay as flat as possible for patient comfort while reducing the risk of bite removal.

**V1TPORTMBL VET1 Microbore T-Port** \$2.85 each (50/Box)

**VET1 Trifurcated Extension Set** - 3 x Needle Free Injection Ports One Way Valves, 20cm in length. Available in Micro-Bore & Large Bore.

**V1TRIMICROBNF Micro-Bore** \$8.48 each

**V1TRILARGEBNF Large Bore** \$8.48 each

**VET1 Intravenous Blood Set** - 150cm 10 Drops/mL unvented chamber roller clamp and rotating male luer lock. Approx priming volume 20mls.

**V1BLDSET IV Blood Set** \$3.35 each

**Anitube-S Anti-Kink** - 2m (stretched) length of coiled tubing with male or female connector fittings. For use as an extension addition to any IV, fluid line or administration set. Packed sterile in a recyclable Millpack pouch.

**NF07773 Anitube-S Anti-Kink** \$21.00 each

**Aniset™ UV Needle-Free** - Includes extension. Incorporates safer, needle-free injection sites. Designed specifically for veterinary use. Comes in fully recyclable packaging. 2.45 meters long. Blocks over 90% of UV light. 20 drops/ml.

**V1NF06843 AniSet UV IV (20 dpm)** \$5.50 each

**HB07316 AniSet UV IV Ext - 165cm** \$3.25 each

**Aniset™ UV Needle-Free Paediatric** - IV. Fluid Administration Set. Micro-drip, Paediatric giving set, specifically designed for veterinary use. Comes in fully recyclable packaging. 1.65 meters long. Blocks over 90% of UV light. 60 drops/ml

**V1NF06847 AniSet UV Paed (60 dpm)** \$5.85 each

**Aniset™ UV Needle-Free Dial-A-Flow** - Giving set and extension with additional high precision Dial Flow Regulator. (5-250ml/hour range). Providing greater accuracy at lower flow rates improving your control of fluid per hour. Designed specifically for veterinary use. Ideal to use when there are no pumps available. Comes in fully recyclable packaging. 2.3 meters long. Blocks over 90% of UV light.

**V1NF06845 AniSet Dial a Flow 20dr/ml** \$6.90 each

**V1NF06848 AniSet Dial a Flow 60dr/ml** \$6.90 each

## CATHETERS

**Millpledge Tom Tiddle Long Term Catheters** - Designed with advanced features and multiple size and end hole options, Tom Tiddle™ is available in both short and long-term use options in the treatment of FLUTD or flushing in cats. Each single-use catheter is packed sterile. Each Tom Tiddle™ catheter is covered with a sheath to maintain sterility before insertion. Each pack also includes a sachet of sterile Cath lube Vet-Lubigel™ to assist glide during insertion, minimizing trauma, and maximizing comfort for your patient.

HB02112	3.5F x 11cm Cat Cath Open End	\$6.25 each
HB02113	4F x 14cm Cat Cath Open End	\$6.25 each
HB02121	3F x 11cm Cat Cath C/End & S/Holes	\$6.25 each
HB02122	3.5F x 11cm Cat Cath C/End & S/Holes	\$6.25 each
HB02123	4F x 14cm Cat Cath C/End & S/Holes	\$6.25 each
HB02211	3F x 11cm Cat Cath Open End	\$10.00 each
HB02212	3.5F x 11cm Cat Cath Open End	\$10.00 each
HB02213	4F x 14cm Cat Cath Open End	\$10.00 each
HB02221	3F x 11cm Cat Cath C/End & S/Holes	\$10.00 each
HB02222	3.5F x 11cm Cat Cath C/End & S/Holes	\$10.00 each
HB02223	4F x 14cm Cat Cath C/End & S/Holes	\$10.00 each

**KittyCath™ Short Term atraumatic tip** - Designed with advanced features with multiple sizes and a choice of open end or with 2 side holes. Kitty Cath™ Smooth 'n' Easy is made from the highest quality medical grade 100% PTFE (Polytetrafluoroethylene). Unlike alternative catheters which are PTFE coated plastics, KittyCath™ provides the most comfortable patient solution in the treatment of FLUTD or flushing in cats and general catheterization. Each single use catheter is packed sterile in a clearly marked colour card box. Within the box a Millpack™ sterilization pouch is used, providing ultimate pack safety and sterility whilst in storage. Each KittyCath™ Smooth 'n' Easy catheter is covered with a separate sheath to maintain sterility before insertion.

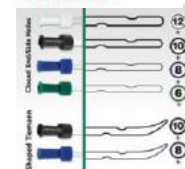

HB02311	3Fx11cm Cat Catheter - Open End	\$12.00 each
HB02312	3.5Fx11cm Cat Catheter - Open End	\$12.00 each
HB02313	4Fx14cm Cat Catheter - Open End	\$12.00 each
HB02321	3Fx11cm Cat Cath C/End & S/Holes	\$12.00 each
HB02322	3.5Fx11cm Cat Cath C/End & S/Holes	\$12.00 each
HB02323	4Fx14cm Cat Cath C/End & S/Holes	\$12.00each

**Jimmy Riddle™ Dog Urine Drainage Catheters** - Available in a wide range of configurations to suit your patient. Straight Closed & shaped Tieman soft rounded ends provide the upmost comfort, whilst allowing ease of placement and advancement. Colour-coded Luer Lock applicators, soft semi-rigid clear plastic catheter material, presented sterile; provides a patent pathway, assists in the unblocking of the urethral pathway, drainage of the bladder or for taking urine samples for urinalysis and monitoring urine output. Jimmy Riddle™ is also suitable for flushing and administering radio opaque contrast material into the lower urinary tract of your patient. Presented Sterile with plastic sheath to maintain sterility during procedure. Each pack comes with a sachet of Vet-Lubigel™ sterile.

HB03006	Cath 6F x 50cm Closed End & S/Holes	\$5.65 each
HB03008	Cath 8F x 50cm Closed End & S/Holes	\$5.65 each
HB03010	Cath 10F x 50cm Closed End & S/Holes	\$5.65 each
HB03012	Cath 12F x 50cm Closed End & S/Holes	\$5.65 each

**Silicone Foley Catheters** - Veterinary Specific Sizes

V1SFC6FR10	6FR/2.0mm x 100mm	\$14.00 each
V1SFC6FR20	6FR/2.0mm x 200mm	\$14.00 each
V1SFC6FR40	6FR/2.0mm x 400mm	\$14.00 each
V1SFC8FR10	8FR/2.7mm x 100mm	\$14.00 each
V1SFC8FR20	8FR/2.7mm x 200mm	\$14.00 each
V1SFC8FR48	8FR/2.7mm x 480mm	\$14.00 each
V1SFC10FR5	10FR/3.3mm x 550mm	\$14.00 each
V1SFC10FR7	10FR/3.3mm x 700mm	\$14.00 each

# Vet1 Consumables

## TUBES & MASKS

Manufactured with strong tube walls to ensure the proper ventilation for all patients. A variety of sizes ensures a safe airway is maintained throughout the surgery.

- High-volume, low-pressure, barrel-shaped cuffs.
- Responsive pilot balloons.
- Finely heat-welded cuffs (cuffed versions).
- Bull-nose tips.
- Split-resistant radiopaque lines.
- Smooth Murphy eyes.
- Kink-resistant thermosensitive tubes.

GCR100125 Endo Tube (Cuffed) ID 2.5mm	\$2.45 each
GCR100130 Endo Tube (Cuffed) ID 3.0mm	\$2.45 each
GCR100135 Endo Tube (Cuffed) ID 3.5mm	\$2.45 each
GCR100140 Endo Tube (Cuffed) ID 4.0mm	\$2.45 each

V1MASK06 Canine 130mm OD 54mm ID 121mm D	\$37.00 each

**Kalayjian Stomach Tubes (Canine)** - Made of the finest grade of medical vinyl tubing available for excellent flexibility in all climates. Rounded at the entry end for ease of passing and fitted with a specially moulded blue funnel medication end. The stomach tube is transparent with a long-life expectancy and is easy to clean.

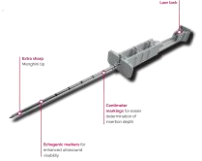

KI-600 Kalayjian Stomach Tube Small Canine 9.5 mm ID 19.1mm OD x 109.7 cm)	\$22.80 each
KI-700 Kalayjian Stomach Tube Large Canine 12.7 mm OD x 137.2 cm	\$26.90 each

## BIOPSY NEEDLES

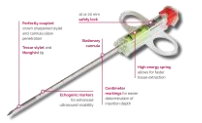

**Handcut** - For Soft Tissue Biopsy Manual Action

V1PM1410	TRUECUT NEEDLE 14Gx100mm	\$26.90 each
V1PM1415	TRUECUT NEEDLE 14Gx150mm	\$26.90 each
V1PM1610	TRUECUT NEEDLE 16Gx100mm	\$26.90 each
V1PM1615	TRUECUT NEEDLE 16Gx150mm	\$26.90 each
V1PM1810	TRUECUT NEEDLE 18Gx100mm	\$26.90 each

**Semicut** - For Soft Tissue Biopsy Semiautomatic Guillotine Needle

V1PD01410	SEMICUT NEEDLE 14Gx100mm	\$48.80 each
V1PD01416	SEMICUT NEEDLE 14Gx160mm	\$48.80 each
V1PD01610	SEMICUT NEEDLE 16Gx100mm	\$48.80 each
V1PD01615	SEMICUT NEEDLE 16Gx150mm	\$48.80 each
V1PD01616	SEMICUT NEEDLE 16Gx160mm	\$48.80 each
V1PD01810	SEMICUT NEEDLE 18Gx100mm	\$48.80 each

**Ilii** - Bone Biopsy Needle for Iliac Crest Marrow Aspiration

V1PIL1410/75	14Gx10/75mm	\$29.00 each
V1PIL141/76	16Gx10/75mm	\$29.00 each

**Jam Blu** - Bone Marrow Biopsy with Extraction Wire

V1PJK20810	8Gx100mm	\$32.90 each
V1PJK21110	11Gx100mm	\$32.90 each
V1PJK21306	13Gx 60mm	\$32.90 each

**Osteo** - J - Bone Marrow Biopsy with Extraction Wire

V1PJ0810	8Gx100mm	\$44.00 each
V1PJ1110	11Gx100mm	\$44.00 each
V1PJ1310	13Gx100mm	\$44.00 each

**Cyto Cut** - Chiba Needle for Cyto-Histological Biopsy

V1PB1815	Cyto Cut - CHIBA NEEDLE 20Gx150mm	\$19.50 each
V1PB1820	Cyto Cut - CHIBA NEEDLE 18Gx200mm	\$19.50 each
V1PB2010	Cyto Cut - CHIBA NEEDLE 20Gx200mm	\$19.50 each
V1PB2015	Cyto Cut - CHIBA NEEDLE 20Gx150mm	\$19.50 each
V1PB2210	Cyto Cut - CHIBA NEEDLE 22Gx100mm	\$19.50 each
V1PB2215	Cyto Cut - CHIBA NEEDLE 22Gx100mm	\$19.50 each

## STAPLES & SCRUB BRUSHES

**Surgical Staples**

V101HC	Reusable handle & (35) Cartridge	\$36.80 each
V101C	(35) Replacement Stapler Cartridge	\$14.20 each

**Surgical Scrub Brushes**

GCG181003	Sterile Scrub Brush (4% Chlorhexidine) with fingernail stick	\$1.05 each
-----------	--	-------------

GCG181001	Sterile Scrub Brush (Plain) with fingernail stick	\$0.85 each

## ANAESTHETICS

### Rebreathing Bags – Black Antistatic 22mm Neck

V1RB500	500ml Black Antistatic Rebreathing	\$24.90 each
V1RB1L	1Litre Black Antistatic Rebreathing	\$24.90 each
V1RB2L	2 Litre Black Antistatic Rebreathing	\$24.90 each
V1RB3L	3 Litre Black Antistatic Rebreathing	\$26.90 each
V1RB4L	4 Litre Black Antistatic Rebreathing	\$28.90 each
V1RB5L	5 Litre Black Antistatic Rebreathing	\$29.90 each
V1RB6L	6 Litre Black Antistatic Rebreathing	\$31.90 each

### Rebreathing Bags Green Neoprene Latex Free 22mm Neck

V1RGR500	0.5L Green Latex free rebreathing bag	\$9.85 each
V1RGR1	1.0L Green Latex free rebreathing bag	\$9.85 each
V1RGR2	2.0L Green Latex free rebreathing bag	\$9.85 each
V1RGR3	3.0L Green Latex free rebreathing bag	\$9.85 each

### Rebreathing Bags Grey Latex Free 22mm Neck

V1RGY500	0.5L Grey Latex free rebreathing bag	\$32.00 each
V1RGY1	1L Grey Latex free rebreathing bag	\$32.00 each
V1RGY2	2L Grey Latex free rebreathing bag	\$32.00 each
V1RGY3	3L Grey Latex free rebreathing bag	\$32.00 each

### Anaesthetic Waste Canisters

V1R51031S	250g – 60g Absorption	\$15.90 each
V1R51031	800g – 200g Absorption	\$49.90 each

### Atrasorb Sodalime – 4.5kg "White to Violet" - FDA Approved

CO2 absorbers produced by Atrasorb are applied in the following areas: medical, industry and underwater. Atrasorb soda lime provides more CO2 absorption capacity and negligible powder dispersion, and its semi-spherical form provides better compression in the canister, reducing respiratory flow resistance.

V1ASS	Sodalime 4.5kg "White to Violet"	\$36.90 each
-------	----------------------------------	--------------

### Anaesthesia Parts

V1SLCAN	Small Animal poly sodalime canister	\$132.00 each
V1SLADPT	Sodalime Canister scav valve reducer	\$16.00 each
V1SLSIL	Medical Grade Silicone Hose to connect absorber 6.4mm ID x 500mm	\$13.40 each
V1O2HOSE	Oxygen Supply Hose White (meter)	\$9.80 each
V1PASTOTK	Crimp Clamp OTK 11/13	\$2.25 each
V1STPINK	Pink corrugated Scav tubing (Meter)	\$4.20 each
V1ISOKEY	Isoflurane Key Filler Adapter	\$115.00 each
V1O2HAND	Oxygen Supply Hose Hand Wheel	\$28.00 each
V1BODOK	Bodok Regulator Seal	\$6.80 each
VPH3100	Adapter 22M/15F to 22M/15F	\$1.75 each
V1PH3000	Adapter 22M to 22F	\$1.75 each
V1PH70018	One Way Scav Valve 22F to 22M	\$7.40 each
V1CC200	Circuit Clip, suit 22mm Tubing	\$0.90 each

## ANAESTHETICS

Anaesthetic "Adult" Combi Flex F Circuit - Combi-Flex® System F-Circuit, length 1.5m with capnography-ported patient elbow

V1C1RAFC	Combi Flex F-Circuit	\$19.95 each
----------	----------------------	--------------

Anaesthetic "Paediatric" Combi Flex F Circuit - Combi-Flex System F-Circuit, length 1.5m with capnography-ported patient elbow

V1C1RPFC	Combi Flex F-Circuit (Paediatric)	\$25.70 each
----------	-----------------------------------	--------------

Anaesthetic "Ayres T Piece" Circuit with Paediatric APL - 2.1m with 40cm (Paediatric) H2O ULTRA APL valve with patient elbow with 0.5 litre latex-free breathing bag

V1C1RATC	Ayres T Piece	\$37.00 each
----------	---------------	--------------

Anaesthetic "Bains" Circuit with Paediatric APL Valve - BAIN coaxial system, 1.6m with plain patient elbow, 60cm H2O ULTRA APL valve, 2 litre latex-free breathing bag and scavenging limb

V1C1RCBC	Bains Circuit	\$35.90 each
----------	---------------	--------------

Anaesthetic "Adult Y Circuit 22mm x 1.6m - 22mm Y-hose breathing circuit, 1.6m length with capnography-ported patient elbow

V1C1RYCA	Adult Y Circuit	\$14.90 each
----------	-----------------	--------------

Anaesthetic "Paediatric" Y Circuit 15mm x 1.6m - 15mm Y-hose breathing circuit, 1.6m length with capnography-ported patient elbow

V1C1RYCP	Paediatric Y Circuit	\$19.90 each
----------	----------------------	--------------

Anaesthetic Double Swivel Ported Elbow 22M/15F/15M – Ideal for Apalert Sensor Plug In

V1C1RDSPE	Apalert Swivel Adaptor	\$5.45 each
-----------	------------------------	-------------

HMEF Breathing System Filter - Efficiency: ≥99.9% - Resistance: <0.2KPa(at 30L/min) - Connector: 15mm/22mm

HMEFBSA	Circuit Filter	\$3.25 each
---------	----------------	-------------

VORTAN Manometer - is a semi-disposable, analog manometer with a 22mm T-piece connector. It is MR conditional and can be used in an MRI/CT environment. Provides Air Pressure Indication. Suits most common circuits in Australia

V16030	Manometer	\$32.80 each
--------	-----------	--------------

## DENTAL

### Disposable 90° Propy Angle with 60° Oscillating Latex Free with Turbine Blade

No Splatter – The centrifugal force generated by a normal 360° turn prophylaxis angle results in splattering and mess. Our NEW 60° turn oscillating prophylaxis angles eliminates potential splattering of prophylaxis paste, blood and saliva, keeping the prophylaxis paste in the cup where it belongs.

No Heat- Our 60° turn reciprocating prophylaxis angles build up much less heat during use, assuring a smooth, cool treatment for your patient.

Effective – Due to less heat generated during use, if necessary, more pressure may be applied to remove stubborn stains.

Faster – Thanks to our innovatively designed 60° turn reciprocating prophylaxis angles, the prophylaxis cup or brush can be used continuously on the tooth surface, saving valuable chair time.

Safer – The rotational motion of traditional prophylaxis cups and brushes can cause laceration and bleeding of the gums. Our 60° turn reciprocating prophylaxis angles provide a much safer and pain-free prophylaxis treatment.

**VPA500SC Oscillating Propy Cups \$34.00 (50)**

### Standard Propy Angle – Soft & Firm Cups

<b>VPC50BLUE</b>	Soft Cups	\$18.75 (50)
<b>VPC50GREY</b>	Firm Cups	\$18.75 (50)

## Wrapz

### CHEWY NONO - THE BAD TASTING BANDAGE TO DETER BIG BITERS - (Contains Latex)

These fun prints have a dual purpose. As well as looking great they have our secret 'Chewy NoNo' flavour imbued into the material. They may be bad tasting but they're safe and non-toxic. Wrapz Chewy NoNo™ deters biting, chewing, and licking of the bandage. This can help with a swifter recovery and ultimately, a happier patient.

V1AB02209 5cm Chewy No No Big Biters (12 pack) \$34.50 pack

V1AB02309 7.5cm Chewy No No Big Biters (12 pack) \$37.25 pack

V1AB02409 10cm Chewy No No Big Biters (12 pack) \$44.00 pack

### FUNNY-FARM

Protection and support for tendons and ligaments. Practical and cost effective. Sticks only to itself - not to skin, fur, feathers, or hair! Soft and non-sticky to the touch. Air-permeable.

V1AC07299 5cm Funny Farm (12 pack) \$30.00 pack

V1AC07399 7.5cm Funny Farm (12 pack) \$33.00 pack

V1AC07499 10cm Funny Farm (12 pack) \$37.00 pack

## Eaze-Off

### Adhesive bandage, tape and island dressing remover

Eaze-Off™ temporarily denatures the tack / adhesive properties of the glue used on high tack fixation, support, and compression bandages, allowing easy and painless removal of the bandage or dressing and minimising trauma to the healing process and the animal. The tack of the glue is only temporarily suspended as Eaze-Off™ completely evaporates, leaving no residue or film barrier preventing the re-adhesion of the next dressing or new appliance to the animal.

V1FE00050 Ease Off Bandage Remover 50ml \$18.50 each

V1FE00200 Ease Off Bandage Remover 200ml \$43.00 each

## LARGE ANIMAL CONSUMABLES

### Millpledge Anicath – From a few hours to 20 days in use.

An exciting range of short to extended-term use indwelling catheters from Millpledge, designed specifically for the larger animal where greater volumes of fluid are required and venous access requires further reach.

Using the same familiar material components of the hub, suture wings and flash bulb you have enjoyed in the Anicath, we have now incorporated the following additional features and materials to help reduce the incidence of cracking catheters, thrombosis and phlebitis associated with other inferior catheter materials used for extended periods.

- Winged – For suturing and or taping in place.
- Non-coring, tri-faceted needle bevel with greater wall thickness 15% stronger than other brands – Reduced risk of bending on insertion.
- PUR with precision conical catheter material – Anti-kink, espouses to natural vein contours and inner wall surface profile, softens with body temperature for added comfort and flexibility.
- Siliconised – Superior glide during insertion and placement.
- Hydrophobic blood sealing plug in needle flashback chamber – Allows early visualisation of venipuncture.
- Trocar locks on to the catheter – Prevents unnecessary rotation of the trocar when advancing the catheter.
- Two advancement notches on the hub – Aids sturdy advancement.
- Short-term or long-term use up to 20 days
- 14g & 16g in 133mm or 5.25" lengths. Shorter lengths also available.

MP06352	ANICATH LA CANNULAE 14gx133mm (pk 1)	\$18.30
MP06353	ANICATH LA CANNULAE 14gx89mm (pk 1)	\$18.30
MP06354	ANICATH LA CANNULAE 14gx83mm (pk 1)	\$18.30
MP06372	ANICATH LA CANNULAE 16gx133mm (pk 1)	\$18.30
MP06374	ANICATH LA CANNULAE 16gx83mm (pk 1)	\$18.30
MP06375	ANICATH LA CANNULAE 16gx75mm (pk 1)	\$18.30

### Large Animal IV Fluid Administration Set

ANISSET L/A 2 SPIKE™ – with two tube, clamp and insertion spike fluid delivery assemblies, for attaching two IV. fluid containers at a time.

- ANISSET L/A 4 SPIKE™ – with 4 tube, clamp and insertion spike fluid delivery assemblies, for attaching four IV. fluid containers at a time.
- Each set allowing for high volume or long period IV. fluid administration to large animals, particularly horses from 2 or 4 containers of IV. fluids.
- Clear large bore tubing (4.8mm i.d.) and robust connecting components used throughout.

HB06622	ANISSET L/A - 2 SPIKE (pk 1)	\$46.00

## CALVING EQUIPMENT

Manual calving rope as used by vets and farmers for many years. Available in blue, red and green to aid identification – all with a single or double loop option. About 1.8 meters long and manufactured in the UK from soft 8mm diameter 3 strand nylon rope. These strong ropes measure about 1.8m and can withstand the rigors of many detergent washes.

### ME Medical Rechargeable Surgical Clippers with charging station

The ME Medical cordless, rechargeable clipper has enhanced features to help with hygiene compliance in pre-operative care. The disposable Universal blade reduces infection rates, save time and reduces costs. It takes less than an hour to charge and offers approximately 60 minutes running time due to its long battery life. The charging station also serves as a base unit with in-built wall bracket.

- Minimizes risk of skin irritations, micro injuries and infections as it is gentle on the skin
- Noise generated when in use is reduced
- Dressings adhere better to skin due to the smooth shave achieved
- Hair from hard-to-reach areas is easier to remove due to the 45-degree rotating head
- The blade glides on the skin with the help of vertical guide strips
- Safe removal of animal hair
- Can be used for wet and dry shaving
- Shaving performance saves time and enables efficient operation preparation
- Close removal of hair offers clean incision site, making it easier for dressing to adhere to the skin
- Easy to clean, rinse and disinfect

V1SC001 ME Lithium Surgical Clipper Complete With Charger	\$118.00
