

PATIENT SUPPORT PAD

Ideal support for surgery
and radiology
Yes! They're radiolucent!

Patient spine support
and insulation from cold
surgical tables

Durable, fluid
resistant & easy to
clean

Available in 2 sizes

Small 40x60cm - Ideal for cats and small dogs under 10kg.

Large 60x100cm - Ideal for dogs over 10kg.

Ideal support for surgery, radiology and patient examination. The pad keeps provides back support and insulation whilst positioned surgical tables and benches. Made with a heavy duty waterproof material that is resistant to blood, fluids and disinfectants. The patient support pad is radiolucent so it's perfect for radiology positioning. Pump sold separately.
