Now \$112.00/50

Vet1 WM20 Infusion Fluid Warmer - \$295.00

The Vet1 WM20 Vet Infusion Warmer is a 'dry heater', which means the fluid does not directly contact the heating element. It transfers heat from heat exchanger through the infusion tube to the IV fluid to achieve continuous heating.

The user can adjust the setting temperature in the range of 30 °C ~50°C according to actual needs, and the heater can automatically work to the preset temperature with the built-in intelligent chip and maintain the constant temperature state after reaching the target temperature

BEST SELLER

IV Bag Warming Cabinet - Small - \$1998.00

The Vet1 bag warming cabinet holds eight 1-liter fluid bags or equivalent. Warm air circulates throughout the cabinet, accurately controlled by an electronic thermostat to 38 deg C +/- 1 deg C. Internal temperature displayed on LED display. Over-temperature protection ensures fluids cannot overheat.

External Dimensions: H – 490mm, W – 320mm, D – 250mm

Internal Dimensions: H – 390mm, W – 270mm, D- 195mm

Tick Season Essentials

Vet1 Warming Patient Blanket Air System - \$1245.00

Similar to a "Bair Hugger," our Vet1 Warming Blanket Air System is designed to maintain our patient's body temperature during surgery, recovery and wherever required throughout the clinic. It consists of a portable warming unit and a disposable blanket that is placed over the patient. The device blows warm air into the blanket, helping to prevent hypothermia and accelerate recovery.

Includes:

- Small Warming Blanket 76cm x 51cm
- Medium Warming Blanket 90cm x 61cm
- Large Warming Blanket 120cm x 61cm
- Cage Holder & Circuit Dryer

Mobile Stand Sold Separately

Blankets can be purchased separately

Cage Holder & Circuit Dryer can be purchased separately

Flexible Patient Warming Pad with Graphene Element 0-60°C

The all-new flexible patient heating pad with built in controller.

- IPX7 Rated with temperature controller allowing temperature settings up to 60°C
- Flexible graphite heating elements.
- Extremely thin and easy to clean PVC.
- 0.6mm Thickness
- 240V Australian Power Plug
- Available in two sizes

Large 20W - 40cm x 80cm - \$88.50

Medium 72W - 30cm x 45cm - \$72.90

Vet1 Patient Warming Matt - \$598.00

A simple but effective product that gently warms small mammals on the operating table minimizing loss of body heat and increasing survival rates. The Vet1 Patient Warming Matt is constructed from tough ABS plastic with an anodised aluminium panel bonded to the surface to aid cleaning and sterilisation. A separate digital control module allows the precise temperature of the surface to be selected by the surgeon within the range 10 to 50 degrees C, and operation of the heater is indicated by an amber light.

Size: 350mm x 530mm

Vet1 60V Veterinary Pulse Oximeter - \$695.00

The Vet1 60V Veterinary Pulse Oximeter is an affordable monitor for spot checking, continuous monitoring or recording of SpO2, pulse rate and pulse strength. The unit can be used on a variety of animals like dogs, cats and horses with adjustable alarm limits as well as visible and audible alarm signals.

VM20 Pulse Oximeter with Temp - \$695.00

NEW

Vet1 Power Plus Professional Clipper – 2 Speed with Battery – also runs on mains power

The Vet1 Power Plus 2 Speed Clipper with Battery is rugged and reliable. Its motor drives the cutting head directly, which gives the maximum power during clipping. Thanks to its 2 speeds, you will be able to work as well on a normal hair and dense or tangled hair.

This clipper is supplied with a rechargeable lithium battery and can also be plugged into mains (cable supplied).

The Power Plus clipper comes with a 1.5 mm cutting head (size 10) and with a bonus blade (size 40) also included. You will also have the opportunity to simply change the cutting head to suit your needs.

The Vet1 Power Plus clippers are ergonomic and all CE certified. Equipped with an air filter for better ventilation during the clipping and a hook to be able to be hung up when not in use. The cutting heads are compatible with professional hair clippers: Andis, Moser, Oster A5 Aesculap Favorita, Heiniger Saphir. The cutting heads are stainless steel, sharp and durable.
